Chili Cook-off everything went well. It was nice weather. Maybe we should try to stick to the same weekend every year especially if we combine Fun Day and Chili Cook-off. It was suggested that we do a print off of how all of the teams did. Don't put team names on the print outs but go by their numbers. The band was ok, good, some people left early because of too many breaks. The dice run went well. Maybe we could have a best decorated cart or best theme next year and maybe not have best decorated booth at the Chili Cook-off instead. Maybe announce who might be the last person coming through. Try to have everyone go in order so we know when everyone is done. Move t-shirts and armbands to the middle of the park. It was slow in the morning and picked up around 11-11:30 am. Football in the morning pulls away from the crowd. Bean spitting went good. Not 50 kids but still several. Molly did a good job.

Trunk or Treating – If we could do a maze in the future we could use pallets to make it. Figure out the prizes (money).

Christmas Lighting is November 26th. There is a Lighting Committee that was formed. Activities will take place at H2O. Denise asked Candi about having it at H2O. Cody will talk to Rich about door prizes. Sheila will talk to the City guys and fire department. H2O will make the Hot Chocolate and we will supply them with ingredients. Cody will call the ladies about making cookies. Have each make 2 dozens and deliver them to Cunningham or bring them Saturday at 6:30 pm. Cody will ask Bernie if he will be Santa. Denise will make posters and put on local channels. The left overs will go to the City Workers. Janelle will ask Tracy if we have plenty of napkins, plastic spoons at the City Building. Find out if we have previously given Bernie a gift for being Santa.

Figure out when officer elections will be. Maybe send out a letter stating that we are needing Community Club Officers.

Sheila suggested having a fundraiser for the Bathrooms possibly. Maybe have a paint party or see if we can get a tourism grant.
